Royal Thai Embassy
Copenhagen

The Royal Thai Embassy presents its compliments to the Royal Thai Honorary Consulate in Vilnius and has the honour to draw the latter's attention to the currency exchange between Euro (EUR) and Thai Baht (THB). Currently, the visa fees in Euro when converting to Thai Baht are not in accordance with the visa fees as specified in Thai Immigration Act B.E. 2522 (1979) due to the devaluation of Euro comparing with Thai Baht.

In this connection, the Embassy would like to request the Consulate to consider adjusting the visa fees so that they correspond to the Thai regulations taking into account the fluctuation of the exchange rate. The new suggested visa fees are as follows:

- Transit Visa 30 Euro
- Tourist Visa-Single Entry 40 Euro
- Tourist Visa-Multiple Entries 170 Euro
- Non-Immigrant Visa-Single Entry 80 Euro

The above-mentioned new visa fees shall be in effect on 16 October 2019.

The Embassy also would like to advise the Consulate to make an announcement publicly both at the Consulate's office and on website at the first opportunity. Please also note that the said adjustment should be made only for the visa fees. For legalization, the fee remains the same.

The Royal Thai Embassy avails itself of this opportunity to renew to the Royal Thai Honorary Consulate in Vilnius the assurances of its high consideration.
